Appendix A - accepted health and safety training courses for green, red, blue, gold and black cards

The FISS CSCS committee has approved the following health and safety training courses as acceptable when making applications for FISS/CSCS cards. Copies of certificates must be sent with the application form. A current health and safety certificate must also be sent with any renewal of FISS/CSCS card. All applicants must also successfully complete the CS Operative Health and Safety test – standard operative version or any CS operative version of the health & Safety test – both for new applications and renewals. Applicants must ensure they have the current version of accepted training courses listings as the FISS committee reserves the right to amend this listing if suitable courses are submitted to the committee for approval.

The courses are any one of the following (achieved within the two years prior to application):

- **CLSA34X** Lantra Health, Safety & Environmental Awareness for fencing operatives
- **CLSA38X** Lantra Health, Safety & Environmental Awareness for fencing managers.

Alternative training courses for CLSA34X and alternative training courses for CLSA38X are as follows:

- ***FAS** (EIRE) Safe Pass
- **SMSTS** (Site Management Safety Training Scheme) and two day refresher
- **SSSTS** (Site Supervisors Safety Training Scheme) Green, Blue and Gold only
- **CCNSG** (Client/Contractor National Safety Group) Passport to Safety.

Alternative qualifications accepted in place of **CLSA34X** or **CLSA38X** at initial registration **ONLY** and are completed within the last two years are as follows:

- **NEBOSH** (National Examination Board for Occupation Safety and Health) Construction Certificate
- **IOSH** (Institute of Occupational Safety and Health)
- **British Standards Managing Safely –** Initial application only
- **Energy and Utility Skills Register -** Utility Safety Health and Environmental Awareness (Gas).

* denotes courses also accepted in place of the CITB/CSCS test (as at date of printing)

Your form will be returned to you if your health and safety does not comply with these rules.
