Commitment to quality and customer service

Lantra Awards has achieved ISO9001:2000 and is accredited for Investors in People. We are committed to providing first rate customer service and quality. We aim to do this by:

- providing a comprehensive range of up-to-date quality support materials for the awards/training we offer
- operating streamlined administration procedures that are user-friendly for customers
- providing an interactive system so that customers can communicate with us on-line for ordering publications, registering candidates and claiming certificates as well as learning and testing materials (technical awards)
- keeping customers informed about developments within Lantra Awards and in vocational education in general
- inviting feedback and comments from customers, especially where our service can be improved or where awards could be developed or reviewed in order to meet customer needs more closely.

Monitoring our performance

Lantra Awards has established a Quality Committee with representation from independent organisations. This committee meets up to three times a year and, through the Chair of the Committee, reports directly to the Lantra Awards Board of Directors. The Committee considers issues affecting the quality of any aspect of the awards or qualifications and service Lantra Awards provides.

Improving our own practice

We monitor our own practice and service through the Quality Committee by:

- Logging all complaints and/or service failures in accordance with ISO 9001:2000 procedures
- Reviewing all complaints to identify where improvements can be made
- Monitoring response times against our customer service targets
- Reviewing verifier/examiner reports and taking appropriate action where necessary
- Seeking customer feedback, either directly (e.g. letters, telephone calls, meetings) or indirectly (e.g. external verifier visit reports, centre approval forms, questionnaires, comments on test papers). Lantra Awards has a Feedback Form (see annex 1) that can be used for this purpose.

Lantra Awards aims to provide excellent value for money and sets its courses and qualifications at very competitive prices. Fees are determined primarily by assessment and quality assurance costs and registration and certification. The fees for qualifications (N/SVQs, VRQs, competence based & QCF qualifications) can be found in the current Fees List available from Lantra Awards.

Technical awards fees are published in the current Technical Awards Course Catalogue.

Fees for sector schemes are included in the 'Specification of training and/or assessment for Sector Schemes'.

Publications and training materials

Details of relevant publications are included in the Information Pack for each qualification or the Specification of training and /or assessment for sector schemes.

Lantra Awards publishes updates throughout the year, with information which is particularly relevant for centres, instructors, assessors, external verifiers and examiners but is also of interest to the general public. Updates are normally distributed electronically. A range of promotional materials is also available for centres to use, free of charge.

Centre support

For technical awards and highways industry sector schemes, Lantra Awards run meetings for centres and centre staff such as assessors or internal verifiers and instructors. For qualifications, Lantra Awards aims to run an event each year for centres, depending on the number and location of centres for each qualification. There may be a nominal charge to cover Lantra Awards costs. Attendance at these events is strongly recommended.

Compliments and complaints

If you wish to make a complaint or compliment you should do so in writing to the Quality and Standards Manager (monitoring). There is a feedback form at Annex 1 of this document that you may use for this purpose. Where a complaint relates to a centre then it should be directed to the centre in the first instance and all internal mechanisms exhausted there before contacting Lantra Awards. You may request the full Lantra Awards complaints policy from Lantra Awards or download this from www.lantra-awards.co.uk. All complaints are logged and subsequently monitored by the Lantra Awards Quality Committee.

Lantra Awards Policies

Lantra Awards policies are detailed in the publication Lantra Awards Policies which includes our equal opportunities policy, and detailed information about the reasonable adjustments and special considerations which can be made for candidates with particular requirements; how to query or make an appeal against an assessment decision; how to make a complaint; our procedures for handling circumstances where malpractice is suspected.

Where there is demand Lantra Awards will offer assessment through the medium of Welsh or Gaeilge and will communicate in writing bilingually with those centres offering assessments in these languages. Further information can be found in Lantra Awards equal opportunities policy.
